

# RODGERS ORGANS OF NEW ENGLAND

## Institutions which have hired our services

Take a look at who the *experts* choose when they require the temporary use of a digital organ for a special performance (or during a pipe organ rebuilding process). While Marshall & Ogletree is typically the most expensive choice for instrument rentals, we have earned the enviable reputation of being the finest provider of temporary organ installations for the most prestigious and particular customers in this region. Here is a partial list of our rental customers in the last decade or so.
